

NON-PARENTS TAKING CARE OF KIDS

KINSHIP LEGAL CUSTODY PROGRAM

Are you currently the primary caregiver for your grandchild or child of your relative or close friend?

Do you lack legal custody of the child in your care?

Are the parents of the child in your care unable to provide their child with a safe and stable living environment?

Would you like to obtain legal custody over the child in your care to more easily receive benefits for him or her, enroll him or her in school, and get health care for him or her?

Are you unable to afford a lawyer to assist you?

If the answer is YES to these questions we may be able to help you get a pro bono “free” lawyer.

Please contact the W.W. Caruth, Jr. Child Advocacy Clinic (at the SMU Law School Legal Clinics) at: (214) 768-3462 on any weekday between the hours of 9 a.m. and 5 p.m. to see if you may qualify.

When you call, mention the “Kinship Program.”
